Serrure

- functional esthetic -

Created at the beginning of the 70's,
the Serrure collection stands out by its elegance.

This iconic bracelet is unique.
Wonderfully simple, a gold wire gracefully wraps around the wrist.

At the beginning is a gold bangle relieved of any mechanism.
Flexible enough to be opened, rigid enough to not be deformed.

Vogue US - December 1978

Extremely simple, a light hammer flattening the clasp
and a discreet diamond illuminating it will suffice to finish the jewel.
